Welcome

Thank you for choosing Ami – your Insurance Friend.

We have tried to keep it brief. If there is anything you are unclear about, please contact us at hello@ami.co.za.
This document is your policy.

Your application, this policy and your schedule form the basis of your insurance contract with us.

We have two distinct features to our insurance which are a little different to other insurance policies:

- We prefer to request our service provider to perform an **onsite or digital risk valuation** where we agree on the insured amounts with you. With most other insurers this process happens at claims stage. We prefer to request this upfront so that you know you are fully insured before you suffer a loss. You can choose not to follow this approach but then you may be **under-insured**, and your claim may be reduced when you suffer a loss. You can access our frequently asked questions about this process.
- With Ami you are insured against **any sudden, fortuitous, accidental, and unforeseen event** as provided for in the policy and schedule **unless** it is excluded. Other insurers may have much longer policies giving the impression of more comprehensive cover. We, on the other hand, have tried to keep the policy as short as possible and easy to understand, while still providing comprehensive cover.

You will note that this policy contains terms and conditions. All of these must be satisfied before you can receive any compensation under the policy.

What you need to do

At Ami we like to pay claims more than anything else we do, but in return we need something from you. You need to pay your premiums in return for cover. You pay for your cover in advance. You have a **grace period of 15 days to pay your premium**. If you do not make your monthly premium payment before the end of your grace period, you will not have cover.

You need to give us **correct and complete information** when you apply for cover and when your policy is renewed. We cannot pay your claims if the information you provide us is inaccurate or incomplete. Please make sure that you always provide us with the truth. We encourage you to read this policy carefully so that you understand what is covered and what is excluded in the exclusions. Always check your schedule to make sure the information is accurate, up to date and complete. You need to notify us **immediately** if there are any changes required. If you fail to notify us or have provided us with incorrect, incomplete, or fraudulent information, **we have the right to reject your claim, cancel or void this policy**. This cancellation will usually be from the time that the inaccuracy occurred.

If you fail to disclose facts material to the assessment of the risk insured against, we may choose to void the policy, which means that the policy is treated as if it had never existed and / or reject the claim. This also applies even if someone (like your broker or spouse) provided the information on your behalf.

You require our written authorisation before incurring any costs when you claim – please use our quick authorisation process for urgent authorisations. You must take all **reasonable precautions** to keep your insured property maintained and safe to avoid losses and to avoid incurring liability to a third party. This means that you must take reasonable steps to prevent or minimise loss, damage, death, injury, liability, and accidents. You may do emergency repairs to prevent further damage with our **prior consent**.

You need to have insurable interest in the property covered under this policy which means that you would have to suffer a financial loss if the property were damaged or lost.

What you need to know

Your **premiums may change** at the anniversary of your policy, when you amend your cover or when you claim. We may also adjust some cover types to provide for inflation which may also change your premiums. You will only be covered during the **period of insurance** noted on your schedule and for which you have paid a premium.

You need to pay the **first amount payable** before we settle your claim. This payment you make is called an excess. We settle all reasonable claims, but we do not improve your position. You will have to pay a contribution where the condition or value of the insured property is improved because of the repair or replacement. If your claim is covered by more than one insurance policy, we only cover the proportionate share of the loss.

You cannot claim if your actions were not legal and lawful (for example unlicensed driving, driving intoxicated, trespassing, committing a crime).

Your cover is always limited to the benefits and **maximum limits** noted in your schedule. Your property insured must be registered and permanently located in South Africa (unless specifically noted on your schedule for that property or section). You must have evidence of ownership and insurable interest, if you do not, we will be unable to settle your claim.

We do not cover wear and tear, maintenance related damage or any type of inevitable loss, ever. The damage must be sudden, fortuitous, accidental, and unforeseen. We do not cover losses that result indirectly from the insured event. We do not pay interest on any amount that you claim.

We do everything in our power to ensure that your information shared with us will be protected. We conduct a credit check. We may check information about you against public information and legitimate sources for underwriting and claims purposes. We cover domestic use of insured vehicles or property. Business use is excluded unless you select business use for an insured vehicle and paid the additional premium.

We may amend this policy, your benefit limits, sums insured or premiums at any time, but we will give you **31 days' written notice**. We may **cancel** with 31 days' notice. You may cancel at any time. You also have a **14-day cooling-off period** to consider whether you would like to keep the policy which you applied for (and for changes made after the start of the policy). We will inform you at least 31 days before the anniversary date if we are unable to renew your policy for any reason or if different policy terms are required to provide you with enough time to find alternative cover. All terms, conditions and limitations of this policy also apply to any persons acting on behalf of and with the consent of the insured. Where the insured did not provide consent, the insured must lay criminal charges with the police.

INFORMATION

TIME BAR:

If we settle or reject your claim, void or cancel your policy and you are not in agreement with the decision, you must advise us in writing within **90 days** of receiving the letter of the reasons for disagreeing with the decision. You must also serve a summons on us within **six months** after receiving the letter. If you do not take these steps, you will no longer be able to claim, and we will be released from any liability under the policy as a consequence.

JURISDICTION & GOVERNING LAW:

South African law applies to this policy. You agree that only the courts of the Republic of South Africa may deal with any dispute in respect of this policy.

CREDIT PROVIDER RIGHTS:

If we have noted the interest of a credit provider, we pay the credit provider first in the event of a claim and that payment will release us from liability for that portion of your claim. Any remaining amount will be paid to you.

SECURITY REQUIREMENTS:

Buildings and Contents: The security gates must be locked whenever your building is left unattended. If the total combined sum insured of the insured building and its contents **exceeds R1.5 million**, a working alarm system is required, the alarm system must have backup batteries to ensure operation during power failures. This system must be connected/linked to a 24 hour armed response service and activated whenever the building is unattended. Failure to comply with these security measures will result in no cover provided in the event of theft, attempted theft or burglary (unless specifically noted otherwise on your schedule for that building and/or its contents).

Vehicles: An active, in-use and approved early warning satellite tracking system is required for vehicles with a sum insured **over R500 000**. There will be no theft or hi-jacking cover if this requirement is not met (unless specifically noted otherwise on your schedule for that vehicle).

Important Terms

AGREED VALUE	Agreed value is only used for vehicles and assets that do not have a retail or market value publicised in a recognised and current publication or database (for example imported sports cars, vintage cars or fine art). The agreed value will remain unchanged on the anniversary of this policy unless you instruct us to change the value. If the condition of the asset deteriorates after the agreed value valuation, but before a claim, we may pay you less if there is a claim. We do not apply the under-insured principle where an agreed value is noted on the schedule.
CONSEQUENTIAL LOSS	Means any indirect loss or damage that happens because of the insured loss or damage.
EXCESS	This is the first amount payable for any claim that you must pay before we can settle your claim. If we settle the claim in cash we deduct the excess. It is your contribution to the settling of claim. It applies to just about every claim. Excesses are there to encourage you to be a bit more careful with your belongings and to keep the cost of policies low for everyone. An excess refund will be prorated to the equivalent percentage of the claim that the insurer was able to recover.
EXCLUSIONS	Exclusions are provisions in the policy which eliminates cover for certain events or situations. They are included to outline the boundaries of your cover. There are general exclusions that apply to the whole policy and then there are specific exclusions that apply only to certain sections. You need to read the whole policy to understand all the exclusions.
FORTUITOUS	Means happening by chance.
GUARANTEED VALUE	Guaranteed value promises the retail value in the event of a total loss from the start date until the anniversary date of the policy. This means that the limit of compensation noted in the schedule will not be reduced to the retail value at the time of the total loss.
HOUSEHOLD	Household includes you, your spouse, partner, co-habitant, sibling, parent, grand-parent, cousin, uncle, aunt or fiancé who normally reside at the insured address. Spouse includes civil union, common law and traditional marriage partners.
LIABILITY	This means the legal responsibility a person or entity has for their actions or omissions.
PREMIUMS	This is the amount which you need to pay to be covered under the policy. We adjust the sums insured (on property and vehicles insured on the sum insured or retail value basis) annually but it remains your responsibility to ensure that you are not under-insured. This means your premiums could also increase.
REPLACEMENT VALUE	The replacement value is what it will cost you to replace the property with a similar new property at the time of the loss or damage. - Replacement value for household contents is the new retail price. Household contents must include all the contents in your insured building, calculated at their replacement value. - Replacement value and conditions for vehicles are detailed in the Motor Vehicles section. - Replacement value for other property must be enough to replace or rebuild such property.
RETAIL VALUE	Retail value is based on the value of the vehicle as publicised in a recognised and current motor trade publication or database. The vehicle's age, condition and odometer readings may affect the value. Vehicles that are registered with SAPVIN numbers or as a Code 3 (for example rebuilt vehicles) have a lower retail value than the published value for that vehicle type and will be settled at the lower value. We use an independent trade authority in the motor vehicle industry to determine the retail or market value of your vehicle and any extras you have specified. Where there is no retail or market value readily available, or where the retail or market value available is older than six months, we determine the value by taking the average retail value, or market value (whichever one you have chosen), including the specified extras, given by three independent motor industry sources of our choice. If the schedule shows that the vehicle value is retail value, we automatically adjust the vehicle sum insured and premium each anniversary date to align to the retail value on the anniversary date.
SCHEDULE	This is the document that shows your premium, benefits, limits, excesses, and the sections you are covered for. You are not insured under a particular section if the limit in the schedule is blank, has no amount next to it, or is shown as nil, not applicable or not insured or if there is no information under the heading. All amounts are in South African Rand, including premiums and the amounts we pay to you. All Rand amounts include VAT.
TERRITORIAL LIMITS	You will only have cover for an insurable event which occurs within these geographical areas (territorial limits). For claims related to vehicles, the territorial limits are: Republic of South Africa, Lesotho, Botswana, Eswatini, Namibia, Zimbabwe, Mozambique, Malawi, Tanzania, Zambia, Kenya, Angola and Uganda. For claims related to contents and buildings, the territory is limited to the Republic of South Africa.
UNDER-INSURED	You must be insured for the correct replacement value. You must ensure that this value is always up to date and noted on your schedule. If the amount which is required to replace your insured property is more than the amount for which it is insured, we only pay the insured portion of the claim and you will bear the loss for the under-insured portion of the property. If you opt for our Risk Valuation, this under-insurance provision will not apply to your policy provided you update us when changes take place. Your schedule will show whether under-insurance applies. Under-insurance will not apply where the damages exceed the sum insured or where there is a total loss.
WE, US, OUR	Ami Underwriting Managers Pty (Ltd) is an authorised financial service provider and underwriting manager with registration number 2021/756367/07. Products are underwritten by Lombard Insurance Company Limited, a licensed non-life insurer and an authorised FSP.
YOU, YOUR	The insured and members of the insured's household (does not include tenants or employees).

When you claim

You may choose to repair, replace, or receive cash for lost or damaged property (where your choice will delay the claim resolution, we may decide to settle your claim differently). If you choose to arrange your own repairs, we limit your claim to the cost we would have incurred if we arranged the repairs. If you choose to take cash, we limit your claim to the cost we would have incurred if we had repaired the property. If you opted for cash settlement and do not make the repairs, future losses resulting from or aggravated by the initial claim event will not be covered. We pay for your reasonable costs for getting any documentation, proof, details which you need or professional fees which you incur to prepare for a building or vehicle claim, but only if your claim is covered.

We may cancel your policy. We could also increase your premiums or exclude certain covers or increase your excesses. If we cancel your policy other insurers may also refuse to offer you cover in future. We only pay claims if you have met the terms and conditions of your policy.

Your cover is always limited to the benefits and maximum limits noted in your schedule.

DO THIS	DO NOT DO THAT
 Advise us of your claim as soon as possible (within 24 hours) but no later than 30 days after the date of loss. You can submit your claim online.	 Do not instruct your own attorney, admit liability, make any admissions, statements, offers, promises or payment to or negotiate or settle any claim (including a claim against you), under any circumstances.
 Report any criminal activity and motor vehicle accidents to the police immediately .	 Do not repair, replace or dispose of any item that you have (or intend to) claim for without our written consent.
 Provide us with copies of affidavits, supporting information and any other proof that may be relevant for the assessment of your claim as and when we require this. Share any information related to the claim event with us immediately (even after we have settled your claim).	 Do not abandon any property, whether taken possession of by us or not. If we settle your claim the salvage and any proceeds from the sale of the items is ours.
 Advise us immediately if you become aware that you may be prosecuted, or if legal proceedings or any claims may be instituted against you.	 You cannot claim under more than one section for the same event or the same item.
 Pay the excess for each claim event (before we can settle your claim). Remember there may be more than one excess that applies. If we settle the claim in cash we shall deduct the excess. The insured's excess refund will be prorated to the equivalent percentage of the claim that the insurer was able to recover.	 We strongly encourage you to get authorisation from us before your vehicle is towed. If you do not your cover will be limited to the amount noted in the schedule.
 Provide a detailed list of items, the details of any other insurance which you may have, the police report number and any other information relating to the event so that we can assess and finalise the claim without unnecessary delays.	 Repairs and replacements must be completed within two months of the date on which we approve your claim. If you delay the repairs or replacements after this period, we only pay the agreed amount at the date of our authorisation of the claim, and you will be responsible for the balance of the cost of repairs or replacement increase.
 If you are involved in an accident, please obtain (if it is safe to do so): • A copy or photo of the driver's licence of everyone involved in the accident. • Names, addresses and contact details of witnesses. • Licence plates and pictures of all vehicles involved. • Pictures of the road surface, weather conditions and road markings. • Details of injuries to any passengers or other persons.	
 If we have settled your claim, we may conduct legal proceedings in your name to recover any amount which we have paid. If a claim is made against you, we may defend the legal action on your behalf in your name. You must give us reasonable assistance to attempt any such recovery and defend any claim. We reimburse you for any reasonable expenses paid.	

Buildings

Please tell us before you extend, renovate, build, or demolish any part of the buildings. You must ensure that the contractor which you appoint has comprehensive insurance to cover any loss or damage or claim resulting from extending, renovating, building, or demolishing any part of the buildings as this is excluded from your cover.

If your building becomes **unoccupied or unfurnished** for more than 60 consecutive days, you must notify us immediately—regardless of the building’s value or the sum insured. During any period of unoccupancy or being unfurnished, the building must be protected by a fully functional alarm system that includes backup batteries to ensure continued operation during power outages. The alarm system must be connected to a 24-hour armed response service and must remain activated at all times while the building is unoccupied or unfurnished.

- ✓ We cover your hand-held electronic devices (including cell phones and laptops) when these items are specified on your policy, without applying an item limit, up to sum insured that you have selected (which must show on your schedule). - ✓ We cover the loss of or damage to specified items that are kept in a safety deposit box at a registered bank vault, or similar registered institution but you must tell us immediately if you take these items out of the safety deposit box, so that the items can be appropriately covered. If your new vehicle is less than 24-months old from first registration and has less than 60 000km's and is uneconomical to repair or stolen but unrecovered we will replace your vehicle with a vehicle of similar make and model at the date of loss. If not, we cover the insured value at the date of loss, depending on the cover option that you have chosen.

WE COVER THE FOLLOWING PERILS:

Storm, flood, wind, water, hail, or snow

Fire, lightning or explosion

Earthquake

Liability as owner of your contents

Vandalism or malicious damage

Accidental damage

It is very important that the correct regular driver is noted in the schedule for vehicles under the value of R1 million. If the regular driver is someone other than the listed regular driver, we may apply premium prejudice to the claim amount. Where the driver is not a regular driver of the vehicle the insured must verify the validity of the driver's licence against a reliable third party source. The excess for vehicle claims is calculated using the driver information (and not the insured).

Vehicles valued over R2 million may only be driven by named drivers. If the vehicle is driven by anyone other than a named driver noted on the schedule, we will reject your full claim. This does not apply if your vehicle is driven while it is being serviced, repaired or collected by registered motor trade provider or when you use registered valet or chauffeur services.

You must ensure that the values and details of all non-factory accessories added to your vehicle are noted on your schedule. They are not covered if you do not.

A driver must hold a valid driver's licence for the vehicle type that is driven. If the licence is a foreign licence, it must be validly issued by the country of origin, be in English (or accompanied by a certified English translation), and have a photograph and signature of the driver. If the foreign licence is not in English or lacks these features, a valid International Driving Permit (IDP) is required. Any person who becomes a permanent resident of South Africa must lawfully obtain a South African driver's licence within five years of acquiring permanent residency.

- ✓ We do not cover any driver where the driver's licence has been cancelled, suspended, or endorsed for driving under the influence of an intoxicating substance or reckless or negligent driving or any driver is charged with or convicted of negligent, reckless or improper driving. We do not cover any claim for loss or damage where we have reasonable grounds to believe that you or any driver drove the vehicle while under the influence of alcohol, intoxicating substances, illegal drugs or medication that might impair a person's judgement, irrespective of whether that person was tested or convicted.
- ✓ We do not cover any driver where the driver's licence requires them to wear glasses or contact lenses, but the driver is not wearing them.
- ✓ Where the driver is a learner driver there must be a licensed driver next to the learner driver. The learner driver and the driver next to the learner driver must meet all the legal requirements as if they were driving the vehicle at the time of the insured loss.
- ✓ If an incident occurs whilst the vehicle was driven by someone other than the insured, the driver will be bound to the terms and conditions of this policy including, but not limited to, their conduct at the time of the incident and during the validation of any claim. Any breach of this policy shall entitle us to reject any claims made.
- ✓ You have a duty to abide by the rules of the road taking reasonable precaution to avoid or minimise accident damage to or loss of the vehicle.
- ✓ You have a duty of care to always provide us with honest, accurate and complete information regarding any claim.
- ✓ All terms, conditions and limitations of this policy also apply to any persons acting on behalf of and with the consent of the insured. Where the insured did not provide consent, the insured must lay criminal charges with the police.

We reserve the right to consider a vehicle a write-off if we deem it not financially viable/uneconomical to repair.

The period of hire ends at the earliest of the following dates:

- The day your vehicle has been completely repaired,
- The day we pay you for the total loss of your vehicle, or
- The last day of the number of days noted in the schedule.

You must pay any fines and relative costs.

You must pay the cost of delivery or collection of the vehicle should this exceed 25km from the nearest Car Hire branch. The hired car may not be utilised outside of the Republic of South Africa.

Optional benefits must be paid for in addition to comprehensive cover premium and must be noted on your schedule.
